

The best business phone system for restaurants.

Owning or managing one or more restaurants requires constant coordination between wait staff, chefs, food prep teams, suppliers, and customers. Whether you're a fine dining restaurant, quick-serve, or fast food, managing incoming calls, taking reservations, and servicing patrons is so much easier when Ooma Office is your business phone system.

Ooma Office, the #1 rated business phone service, provides the best value for the restaurant industry.

✓ **24 x 7 greeting provides a professional experience to restaurant guests.**

When the host or maître d is seating customers, booking reservations, or engaged with the wait staff, **Ooma's virtual receptionist** attends to incoming calls. Build menu options such as: Press 1 for hours and directions, Press 2 for reservations, Press 3 for take-out. The system is flexible to fit your restaurant and your customers' needs.

✓ **Easily work remotely or on the go.**

Restaurant managers and chefs that oversee teams such as wait staff and cooks need to be in constant communication to address last minute changes and coordinate supplies with food and beverage vendors.

Ooma's mobile app provides extension dialing to your mobile phone so you can use your business number anywhere. You can also enable call forwarding as well.

✓ **Notify the right restaurant staff members simultaneously.**

Create customized ring groups that route calls simultaneously to the chef and kitchen team, or restaurant management, or host. When a supplier or customer presses menu options in the virtual receptionist, calls go to appropriate team members to serve callers.

Red O Restaurants

Red O Restaurants saved about 60% on their phone system while gaining a more modern, professional solution that's easy to set up and manage remotely.

“ We installed Ooma at each location and saved about 2/3 of the cost each time. I can make updates with just a click of the mouse, from my house. ”

– **Nathan Rollie**

Owner, Rift Business Solutions
(Red O Restaurants IT resource.)

Provide a smooth experience with the right business phone system.

When a guest calls to make a reservation, or a supplier calls to confirm the catch of the day, calls can be easily answered or routed. Chefs know when large parties are coming in and they can staff and ready menu items accordingly.

With Ooma Office, you get all the business phone features that are perfect for meeting the daily balancing act of managing your clients and your restaurant(s). You always get clear, flexible, reliable communications that save money at one or multiple offices.

Ooma Office offers three service plans to meet a variety of business needs. Pricing is all-inclusive with no surprise add-ons or setup fees.
